Dear Board of Directors,

Referring to letter No. S-114/KS.12/2025 dated May 16, 2025, which we received on May 22, 2025, regarding the *Reminder on Submission of Follow-Up and Correction of SLIK Debtor Report in the Context of Individual Debtor Data Quality Evaluation*, we hereby submit our action plan and details of the follow-up on the corrections of the said SLIK debtor report.

The following is a summary of anomalies and follow-up actions:

Jenis Data Anomali (Kode Data)	Total CIF	Not Corrected	To Be Corrected
Data mismatch (2)	114	112	2
Data of deceased debtors (3 and 03)	6	6	0
Inactive Data (4)	1	1	0
Anomaly NIK (5)	119	118	1
Grand Total	240	237	3

The 3 (three) anomaly data corrections mentioned above occurred due to discrepancies between the debtor's name data provided to the Company and the latest name data registered with Dukcapil. However, we have received the updated data from the respective debtors and obtained their consent to updated their data in the SLIK system as follows:

CIF	Previous Name	Updated Name
730315112300642	GUNTUR	GUNTUR BIN SUBHA

890818112400612	GIRAJ	GIRAJ RAMESH MUKHI
740708112301101	R. YOSEP MARINO CYK	RADEN YOSEP MARINO CHRISTYANTO YULIUS KURNIAWAN

However, we are unable to update the data that were not corrected due to there are following reasons:

Total Data	Reasons
172	Data belongs to PT Sunindo Parama Finance, the company before it was acquired and became PT Sunindo Kookmin Best Finance, and the data has already been written off.
62	• 58 data are foreign national debtors who do not have National Identity Number (NIK) registered in Dukcapil. • 4 anomalies, consist of 3 deceased debtors and 1 mismatch, which is a debtor who has already settled the debt.
3	The data is already accurate, so no update is necessary.

We are committed to ensuring future debtor data updates are Complete, Accurate, Up-to-Date, and Comprehensive (LAKU). Attached are the action plan along with the OJK letter for your reference.

This concludes the action plan. We kindly request your approval to proceed with submission.

Thank you.
